

1st Hole – 350m Mens & 335m Ladies - Par 4

The 1st hole is one that typifies the Cohuna Course.... a beautiful fairway flanked by large established Redgums that punish wayward shots. To the left of the fairway; hazard markers line the Gunbower Creek which come into play more often after contact with one of the trees.

The green is guarded at the front by two large pine trees, which can be taken out of play by an elevated approach shot.
