

**5<sup>th</sup> Hole – 465m Mens & 405m Ladies – Par 5**

The fifth hole is arguably the most beautiful of all the holes on the course. A meandering Par 5 that tempts the big hitters to reach in two.

The Gunbower Creek flanks the left hand side of the fairway and has claimed many balls in its time. Lateral water hazard markers continue down the left which come into play with any misguided shot to the left hand side of the undulating fairway.

The green is protected on the left hand side by a strategically placed bunker.
